---

**SUMMARY**

As a junior full stack web developer and tech enthusiast, I have a great passion for web development and am constantly improving my skills to become more experienced. I am a team player who works perfectly in an agile working environment. I appreciate the value of collaboration and sharing with others and am always eager to learn. My empathetic, curious, and driven nature focuses on people, developing good relationships with colleagues, and delivering value to customers. As an ITP member and I have a strong passion and love for IT jobs and am able to learn fast.

**EXPERIENCE**

**Web Developer Apprenticeship, Dev Academy, Full-time, January 2023-May 2023**

- Constantly learning and discovering new technologies, including programming languages like HTML5, CSS3, Tailwind, SCSS, JavaScript, and TypeScript, and experience working with databases using SQL, Squlit3.
- Worked with useful libraries like Reactjs, P5, Phaser3, and learnt how to work with Heroku, how to write test, working with Jest, GitHub, Adobe Dream Weaver, Adobe Photoshop, Visual Studio, Postman, and Insomnia.
- Gained valuable human skills, including teamwork, collaboration, and problem-solving through debugging and structural and design thinking capacity.
- Improved team working skills and communication, and learned how to work under pressure while working in pairs and teams in group projects.

**Baker in New World and Pak'nSave shops and Two private shops in Auckland and Christchurch, February 2016-January 2023**

- Showcased ability to work under pressure and fast-paced working environments, learn quickly, and deliver excellent customer service while leading a team.

Note: I didn't have a job from 2014 - 2016 as I didn't have work visa

## **Computer Workshop Supervisor and Computer Teacher, Mashhad, Iran, Full-time, 2007-2013**

- Studied MCSE and MCSA and set up two computer network workshops in a high school, with experience in the design of network systems, cabling, socket handling, networking, installation, implementation, and troubleshooting of computer network.
- Demonstrated problem-solving skills through troubleshooting for clients remotely and on-site.
- Demonstrated leadership skill to have an efficient computer workshop for students.
- Designed a web page for a real estate company using HTML and Dreamweaver.
- Experienced teaching IT concepts to students from diverse backgrounds, improved leadership and communication skills.
