## SUMMARY

As a full stack web developer and tech enthusiast, I have a great passion for web development and am constantly wanting to improve my skills. I am a team player who enjoys working in an agile working environment. I appreciate the value of collaboration and sharing with others and am always eager to learn. My empathetic, curious, and driven nature focuses on people, developing good relationships with colleagues, and delivering value to customers. I am now looking for a role in the tech industry to further develop my skills and knowledge

## EXPERIENCE

**Web Developer Apprenticeship, Dev Academy,    January 2023-May          2023**

• Constantly learnt new technologies, including HTML5, CSS3, Tailwind, SCSS, JavaScript, and TypeScript, and gained experience working with databases using SQL, Squlit3

• Worked with libraries such as Reactjs, P5, Phaser3, and learnt how to work with Heroku, how to write tests, work with Jest, GitHub, Adobe Dream Weaver, Adobe Photoshop, Visual Studio, Postman, and Insomnia through solo, pairs and group projects

• Gained valuable human skills, including teamwork, collaboration, and problem-solving through debugging and structural and design thinking capacity

• Developed my collaboration and communication skills, through daily pair programming and weekly group projects

**Baker at New World and Pak'nSave shops and two private shops in Auckland and**

**Christchurch,         February  2016  -  January  2023**

• Showcased ability to work under pressure in fast-paced work environments

• demonstrated my ability to learn quickly, and deliver excellent customer service

**Career break       February 2014  –  February 2016**

• Didn't have work visa

**Computer Workshop Supervisor and Computer Teacher, Mashhad, Iran,**

**September 2007 -  November 2013**

- Demonstrated problem-solving skills through troubleshooting for clients remotely and on-site.
- Demonstrated my ability to communicate efficiently by delivering an efficient computer workshop to students from diverse backgrounds.
- Applied my design and technical skills by designing a web page for a real estate company using HTML and Dreamweaver.
